

Seeking Homestay Host Families for International Students

Heritage Student Foundation (HSF) is running an International Student Enrichment Program (ISEP) for students from other countries to experience life and culture in America. Currently we have two students attending St. Mary's Ryken High School and seeking a loving host family.

HSF is seeking Homestay families who want to participate in offering opportunities to these students and are open to experiencing new cultures. The host family will be compensated \$1400 monthly for the duration of the students' stay. For more details, please email us at info@childhomestay.com or call us directly at 847-459-9288 (please mention Leonardtown).
