

Leonardtown Streetscape Construction Update for June 2008

Corinthian Contractors together with the Maryland State Highway Administration will be printing this newsletter the first week of every month to keep the residents of Leonardtown informed about the construction work happening in their town. Work hours are from 7am to 5 pm, Monday thru Friday. All work is weather permitting.

Washington Street (from MD 5 intersection to Shadrick Street)

Closure of right lane southbound for sidewalk construction. Remove existing sidewalk, ramps, curb and gutter and replace with new. Install new drainage pipe and inlets. Construct and install new electrical conduit for pedestrian street lighting. Remove and replace existing driveway entrances with new concrete.

Fenwick Street (from Washington Street to MD 5)

Survey stakeout of limit of work.

If you have any questions, please contact the SHA Project Engineer, Greta Hartman, at 301-997-1314.
